MOST MOMENTOUS PERIOD IN WORLD HISTORY IS NEAR

BY JOHN EDWIN NEVIN.

Paris, June 12.—The general peace situation regarding Germany has become complicated as a result of rumors which are giving rise to dissensions among certain representatives of the Allied and Associated powers. At the same time it is realized by impartial observers that the Germans are taking advantage of the delicate labor situation in Europe to create the opinion throughout the world that they are unwilling to sign the treaty.

It is obvious that never before in the world's history has there been greater necessity for a real leader.

The big four have been torn by differences of opinion as the result of months of labor. Whether with or without cause, the great quality of a positive and immediate decision has seemingly disappeared since the envoys of the allied and associated powers gathered in Paris.

I have personally discussed with the leaders of the delegations of the great powers the exact situation and, as a result of observations, and confidential communications, it is possible to describe the facts as follows:

1. The campaign directed against President Wilson's policies in Washington and throughout the United States has materially weakened his influence among his associates. The belief is constantly growing in Paris that the failure of the president to keep the spokesmen of congress informed of his intentions was the most serious mistake. Political enemies of the president are insisting that no defense is possible. The president's friends are unable to make any explanation and as a result the influence of the United States in Paris is lower than at any other time since America entered the war.

2. Premier Lloyd George after insisting on the most drastic peace terms, modified his views as the result of pressure from a group of international financiers having their headquarters in London and New York. After this fact had been allowed to be known, it was swallowed up in Germany as an indication of weakness. When the British premier reversed his views the Germans did not consider them genuine and "took aid and comfort from them."

3. The labor unrest in Great Britain and France has been recognized in Germany as an indication of war weariness. This encouraged the German leaders to insist defiantly upon a revision of the terms, whereas a month ago they were at the point of

reluctantly accepting their fate, merely growing against the severity of the penalty imposed upon them.

4. Italian dissatisfaction over President Wilson's policies was seized upon by the anti-government party at Rome as a weapon to be utilized against the cabinet headed by Premier Orlando. Pro-German influences are notoriously strong throughout Italy and have been concentrated in a solid front against the treaty. As a result of this, when the Italian parliament assembled on June 19 the socialists will be prepared to denounce the treaty as a "violation of humanity and an incentive to future wars." They probably will be allowed to talk to any extent without any organized effort to defend the pact.

The above constitute the most serious problems whether the Germans eventually accept the treaty or not.

The labor problems on the continent are the source of imminent peril. Throughout France war profiteering has been rampant. Statistics show that the cost of living has increased 350 per cent greater than in the United States or Great Britain—this being especially true among the poorest class. Apparently no successful effort has been made to reduce it.

An orgy of spending has developed among the newly rich unequalled in the history of Paris, while the workers have not much more than the price of bread.

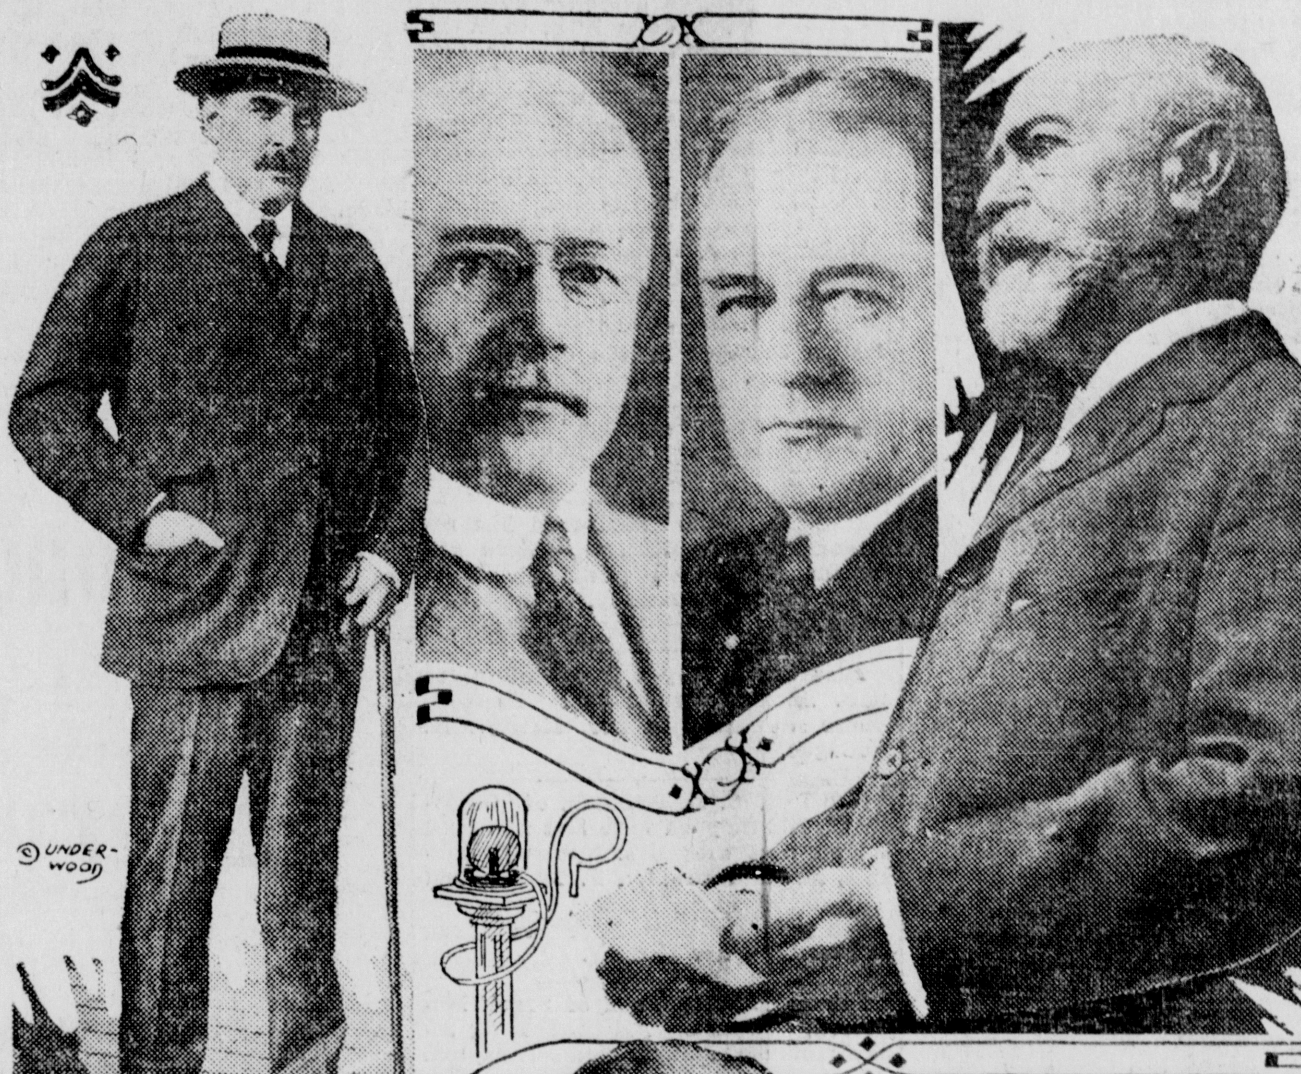

Strikes are prevailing throughout the nation as a result. Premier Clemenceau, who has been trying his hardest to secure a settlement of international war problems, has been unable to devote personal attention to domestic remedies. Thus he has become the target for personal abuse which he did not deserve.

The English situation is not so bad although it is still serious. In Italy where the army has not been demobilized, there is much unrest.

The next few days, however, should determine whether it is possible to solve the problems and compel Germany to sign the peace treaty or whether warfare will necessarily be resumed. Never before has there been such necessity for the leading nations of the world to "sit tight" to avoid a rupture. The next week is the most momentous and the future of the world is absolutely in "the lap of the Gods."

As a matter of fact, the leaders are not agreed on the question whether the armies are willing to resume fighting.

BANKERS TESTIFY BEFORE SENATE COMMITTEE ON TREATY "LEAK"

Left to right, above: J. P. Morgan, Frank A. Vanderlip, H. F. Davidson and Jacob H. Schiff. Below: Thomas W. Lamont.

The senate foreign relations committee began its investigation into the "leak" of the peace treaty into Wall street by summoning J. P. Morgan, Thomas W. Lamont and H. F. Davidson of the Morgan & Co., and Frank A. Vanderlip,

until recently president of the National City bank of New York, to

appear as witnesses. Jacob H. Schiff, another prominent New York banker, is also expected to testify. Lamont is in Europe and may not appear as a witness for several weeks.

As the investigation proceeds it is probable that the list of witnesses will be enlarged until every large financial institution in Wall street is represented.

The subpoenas already issued carry with them instructions to the witnesses to submit correspondence passing between the New York offices of J. P. Morgan & Co. and Kuhn, Loeb & Co. and their foreign representatives bearing on the peace treaty.

PEACE TREATY LEAK PROBE PROBABLY WILL NOT BE CONTINUED

Washington, June 12.—By a vote of 9 to 8, the Knox league of nations resolution was favorably reported to the senate today by the senate foreign relations committee at the end of a protracted session behind closed doors which was said to have developed into a bitter wrangle between pro-league and anti-league senators, on the committee.

Washington, June 12.—The Knox resolution, providing for the ratification of the peace treaty by the senate, without at the same time committing the United States to the league of nations, was expected to plunge senatorial proponents and opponents of the league into another verbal turmoil today.

Defeat for the resolution was predicted by Senator Hitchcock of Nebraska, and other Democratic senators, after the senate foreign relations committee shall have reported it favorably to the senate by the slim majority of 9 to 8, by which the anti-league senators control that committee.

A stormy session of the committee when it met, behind closed doors to consider the resolution before the senate met, was another prediction made. Senator McCumber of North Dakota, the only one of the ten Republican members of the committee who is an avowed advocate of the league, planned to join with the seven Democrat members in trying to keep the measure in committee. It was regarded as a foregone conclusion, however, that the nine anti-league Republicans on the committee would carry out their intention of sending the resolution to the senate with a favorable recommendation. As constituted, the committee stands:

Pro-league—Hitchcock, Nebraska; Williams, Mississippi; Swanson, Virginia; Pomeroy, Ohio; Smith, Arizona; Pitman, Nevada; Shields, Tennessee; McCumber, North Dakota.

Anti-league—Lodge, Massachusetts; Borah, Idaho; Brandegee, Connecticut; Fall, New Mexico; Knox, Pennsylvania; Harding, Ohio; Johnson, California; New, Indiana; and Moses, New Hampshire.

Knox stated before the committee met that the chief purpose of his resolution was to give the American people "ample opportunity to decide whether they wanted to join the league or not."

"We all know that there is bound to be a league of nations," Knox said. "We differ, however, as to the kind of a league of nations we may desire, or we may wish to see the American people committed to."

Senator Hitchcock denounced the Knox resolution as "but another move on the part of certain Republican senators to harass and embarrass and annoy the president while he was still engaged with the peace conference."

A test of pro-league and anti-league strength was anticipated when the resolution was finally voted on.

There was no disposition displayed today by either Senator Lodge or Senator Knox or any other anti-administration senator on the foreign relations committee to have the latter renew its investigation of alleged treaty "leaks." It was stated that Jacob H. Schiff, of Kuhn, Loeb and Company, Paul M. Warburg, and other financiers had been notified that they would be informed when the committee desired them to appear.

It was predicted, however, by a number of senators, both Republican and Democrat, that the committee's probe would not be resumed.

Senator Borah expressed himself as being satisfied with what he declared to have been "clearly established" at yesterday's session of the committee—that a copy of the peace treaty had been furnished Morgan and Company, one of whose partners had been shown to be acting in an advisory capacity at the peace conference, while the senate and the American people were still denied access to the text of the document.

He, Senator Reed, of Missouri, and other anti-league senators hinted at a future debate in the senate that would "further bring to the attention of the American people the close connection of Wall street with the peace conference and the reasons why 'big business' was supporting the league of nations."

DELUGE WILSON WITH PLEAS FOR RETURN OF BEER

Paris, June 12.—President Wilson is being deluged with further requests from America that he set aside the war time prohibition act before it becomes effective July 1.

The latest appeal points out that General March announced the demobilization of all national army and national guard combat divisions, only the regular army remaining. Therefore, it was stated, demobilization will have been completed and the prohibition measure a dead letter when Germany signs the peace treaty not when the United States senate ratifies.

Attorney General Palmer may be asked for a ruling on this latest suggestion.

MANY BOLSHIEVIK PRISONERS TAKEN

London, June 12.—Two hundred Russian bolshevik prisoners were captured and an advance of 130 miles was made during the past month's offensive of General Denekine's army, said a dispatch from Stockholm today.

The anti-bolshevik forces are now only 30 miles from the important town of Tharitsin, the dispatch said, and the southern bolshevik front is collapsing under steady pressure.

DENIES REPORT

Milan, Italy, June 12.—Gabriele D'Annunzio, poet, playwright and distinguished Italian aviator, issued a statement today denying the report that he and two generals, along with certain politicians, were plotting to establish a military dictatorship in Italy.

THIEF TAKES COP'S GUN

Cambridge, Mass., June 12.—Thieves broke into the apartment of Patrol Frank Andrews and made away with much jewelry. They also took the officers' loaded revolver.

STRIKE BULLETINS

Chicago, June 12.—Claims of the rival organizations notwithstanding, the strike of commercial telegraphers against the Western Union and Postal Telegraph Companies today gave every indication of settling down into a protracted and bitter fight. The real test of strength in the battle apparently is yet to come.

New York, June 12.—The police took a hand in the telegraphers strike for the first time here today. A special policeman ejected a girl picket from a Postal building in Brooklyn. A male striker went to her assistance and following a scuffle, the male picket was led away by a city policeman.

Youngstown, O., June 12.—Approximately 200 telegraph and telephone electricians will walk out on strike here at 8 A. M., Monday, according to an announcement made by the Mahoning Central Labor Council.

The strike is called by James P. Noonan, president of the International Brotherhood of Electrical Workers and is part of a general strike throughout the country an effort to force recognition by Postmaster General Burleson of the right of their organization to collective bargaining.

SAY DEAD WOMAN WAS RESPONSIBLE FOR COLUMBUS FIRE

Columbus, O., June 12.—Mrs. Elsie Nettleton, housekeeper of the Philadelphia apartment house, who lost her life in the fire which took a toll of ten lives on the night of May 8, was responsible for the tragedy, according to the finding of State Fire Marshal Fleming. Mrs. Nettleton was in complete charge of the building.

It was found that the fire started in a wash room on the second floor, caused by the falling of a gas mantle into a pile of old papers.

GERMANY MUST SIGN SAYS GERMAN PAPER

Berlin, June 12.—Germany must sign the treaty of peace or face a war of defense on both the western and eastern frontiers shortly, says the Vossische Zeitung. The newspaper points out that there is a decided lack of coal and that all of the cities are without food.

Furthermore the allies could occupy Hanover and the other coast provinces where separate republics would likely be proclaimed.

LIVES OF 560 IN DANGER WHEN SHIP IS RAMMED

New York, June 12.—The lives of 560 persons were endangered when the big former Hamburg-American liner Graf Waldersee, now a troop transport, was rammed by the steamer Redondo in a dense fog 100 miles off the coast early today.

The transports Patricia and Leviathan, bound for New York with troops rushed to the side of the sinking Waldersee in response to her wireless messages of distress. A wireless dispatch a few hours after the collision reported that all the passengers and crew of the big transport were taken off by the Patricia. The Patricia is towing the Graf Waldersee to port, but her fires and engine room are so badly flooded it is doubtful if she will remain afloat. The Redondo was not badly damaged and made this port without assistance shortly after 8 o'clock.

In another collision in the fog the freighter Yankee, operated by the U. S. shipping board, was so badly damaged off Fire Island that she sank at 3:15 this morning. The Italian steamer Argentina, which collided with the Yankee, took off the sinking steamer's crew. There was no loss of life and no injuries were reported.

BRITISH TROOPS BEGIN OFFENSIVE

Stockholm, June 12.—British troops on the Murmansk front (northern Russia) began another offensive and are advancing on Petrograd. They have reached Petrozavodsk, capital of the government of Olonets, 185 miles northeast of Petrograd, said a dispatch from Helsingfors today.

GIANT TRANSPORT LEVIATHAN ARRIVES

New York, June 12.—The giant transport Leviathan, bringing 11,940 troops from France, arrived in the harbor this forenoon, having been slightly delayed early today when she turned in her course and went to the aid of the transport Graf Waldersee, damaged in collision.

SHOOTS HOLE IN LEG IN EFFORT TO END HIS LIFE

Paris, June 12.—Crown Prince Charles of Rumania is suffering from a bullet wound in the leg, self inflicted, according to news reaching Paris. The wound is not regarded as serious.

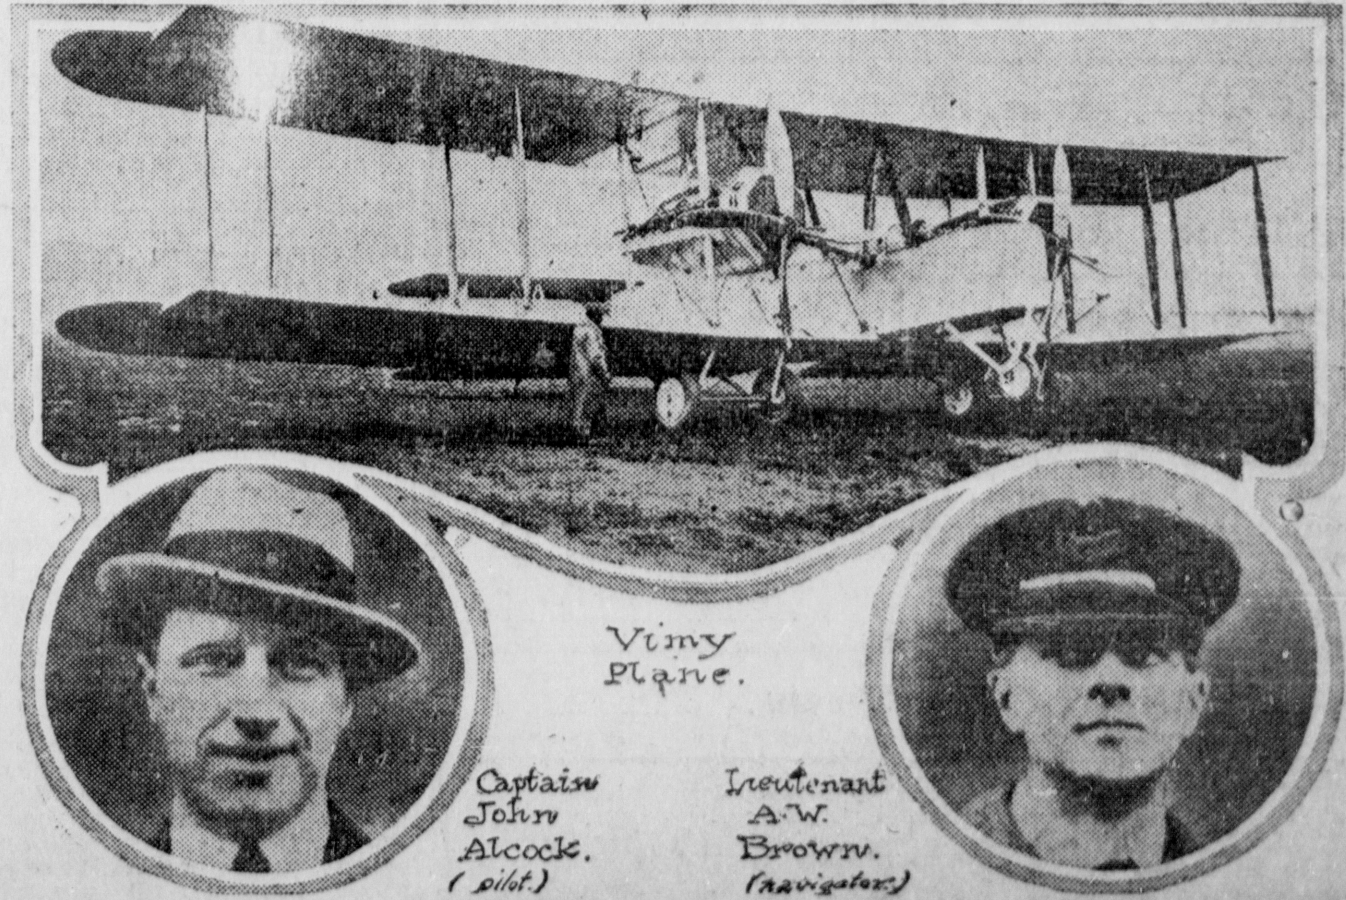

The crown prince's act, which has caused a sensation in Bucharest, is said to have been prompted by the King's insistence that the prince make a six months' trip to Japan to forget Mlle. Cecile Lembrins, the girl from whom he was forced by his royal parents to obtain a divorce, because she was neither titled nor wealthy.

The queen has done her utmost to divert Prince Charles' mind from Cecile by trying to interest him actively in her charitable works, but Charles is still deeply attached to his former wife and has frequently been seen in her company. She lives in Bucharest and recently gave birth to a child, which started gossip about the succession to the throne.

BONUS FOR EMPLOYEES

Los Angeles, Cal., June 12.—As an incentive to employees the Los Angeles Paper Box Company has announced that all workers who stay with the concern during 1919 will receive a 5 per cent bonus on all wages earned during the year as a Christmas present. Some of the higher salaried employees will receive as much as \$125 by this arrangement.

CAPTAIN JOHN ALCOCK IN HIS VIMY BOMBER READY TO START OCEAN FLIGHT

Every indication, according to reports from St. Johns, N. F., points to the early departure on its transatlantic flight of the big Vimy bomber plane, piloted by Captain John Alcock. The recent trial flight of the big plane was highly successful and following a few minor readjustments, Captain Alcock said, the plane would be ready for the "hop-off." Lieutenant A. W. Brown will navigate the plane.

UNION OPERATORS PICKET EXCHANGES

Cleveland, Ohio, June 12.—Union operators on strike were picketing both Western Union and Postal offices today. According to a statement given out by E. C. Campbell, head of the commercial telegraphers' union, fifty men are out from both companies. According to Campbell the Postal is harder hit than the Western Union here. He predicted that the strike would continue to grow and that the tie-up would be complete by Monday.

On the other hand, the telegraph companies declare business was proceeding as usual with no interruptions due to the strike.

PRESIDENT WILSON FLATLY DECLINES TO MAKE CONCESSIONS

Paris, June 12.—The Italian-Jugo Slav controversy continues to be the bugaboo of the peace conference. President Wilson has flatly told Premier Orlando that he will make no further concessions. Lloyd George and Clemenceau are trying to swing the Italian premier around to the president's view, but it is understood that Orlando, when he addresses the opening session of the Italian parliament next week, will make a strong speech on the Italian nationalist standpoint.

STRIKERS SAY STRIKE IS SUCCESS AND COMPANIES SAY IT IS FAILURE

Chicago, June 12.—The nation wide strike of union telegraphers is a success and will gain strength as it grows older.

The strike is a flat failure and within a few hours will fizzle out entirely.

These are the views of the situation held today—the first by officials and members of the Commercial Telegraphers Union, the second by officials of the Western Union Telegraph Company, and to some extent by Postal Telegraph company heads. The public is privileged to accept either view.

According to S. J. Konenkamp, president of the union, the first day of the strike took between 18,000 and 20,000 men and women from their keys. Konenkamp maintained today that other operators would go on strike until the number is increased to 40,000 by tonight.

Heads of the telegraph companies, particularly the Western Union dispute these figures and claim that an insignificant number of their men have gone on strike.

Analyzing the reports received from various sections of the nation, it is evident that except in a few localities, the Western Union is not affected by the strike to an extent that would seriously hamper the operation of the system. The Postal Telegraph company, however, is much harder hit and in many places completely tied up.

The single new phase of the situation today is the possibility of broker operators being called out, which, if the move were successful would add several thousand men to the list of strikers. The New York local of the union has appealed to President Konenkamp to call out the broker operators.

BATTLE BREWING EAST OF JAUEREZ

El Paso, Texas, June 12.—A battle to the east of Juarez, between Villa and Federal forces is believed impending today. Five hundred well armed federal soldiers left Juarez last night, heading eastward, and is expected to come in contact with Villa troops under General Felipe Angeles before tonight.

Advance guards of both sides clashed in the first skirmish late yesterday and several federal soldiers are reported to have been killed.

General Angeles is reported to have deployed his forces into three columns in the vicinity of Guadalupe, 32 miles east of here, and to be marching toward Juarez to attack the city. General Francisco Gonzales, commander of the federal garrison at Juarez, says his troops are ready to meet the attack.

EAST END NEWS

All the committees on association will meet at Zion Baptist tomorrow Friday evening at 8 o'clock prompt. Mrs. Alberta Conner wishes to make it known that Edward Green spoken of in Tuesday night's paper was not her brother as it was rumored. Mr. Greene is the head cook on the Pennsylvania Railroad train No. 6 and passes through this city every four days. He spends his leisure hours at the Y. M. C. A. Indianapolis, Ind.

Special services at Zion Baptist church Sunday morning. Bass solo by Walter Ross and other interesting numbers.

Regular meeting of Household of Ruth, Friday evening, June 13th at 7:30. All inmates urgently requested to be present. Business of importance. Luvada Mack, N. G., Mamie Gaines, W. R.

The Miss Hallie Q. Brown recital, which was to have been given tonight at the Zion Baptist church, has been postponed indefinitely.

Keep in mind the fact that this Thursday evening is the evening of the moonlight social and picnic at the residence of Mr. Jacob Humphreys, East Market street.

The Eureka Needle club will meet this, Thursday, evening, June 12th, at the residence of Mrs. Frances Fowler, on Jasper avenue.

Miss Odessa A. M. Howard passed away Wednesday morning about 7 o'clock. She had been ill with tuberculosis for several months. She was the second daughter of Mrs. Mary Lucy Howard, and was 13 years old the 23rd day of last October. She leaves her mother, one sister, Miss Margaret Howard, and one brother, Mr. James Howard. She was a member of the First A. M. E. Church. The funeral will be held Friday afternoon, at 1:30, from the residence.

The Home Aid society will meet this, Thursday, evening, at the home of the president, Mrs. Julia Harris, on East Main street, at 7:30. All members please be present. By order Mrs. Julia Harris, president; Mrs. Hattie Hawkins, Secretary.

CITY HAS OIL WELL.

Pasadena, Cal., June 12.—Oil found on fifty-four acres of land owned by the city of Pasadena may go a long way in helping tax payers bear the burden of the cost of city government. One well has already been drilled and is turning out 300 barrels of oil a day. The land is in the Narrows of the Rio Hondo, below El Monte. The PJan-American Petroleum Company has a royalty lease on the land, the city receiving one-sixth of the flow. Other wells will be sunk.

BUSINESS CLUB HOLDS MEETING WEDNESDAY NIGHT

At a meeting of the Xenia Business Men's Association held Wednesday evening, W. C. Newton, special agent for the Union Central Telephone Company was given an opportunity to explain the reason for the recent increase in rates announced by the company for 325 business house telephones in Xenia. Some misunderstanding arose in Xenia at the time the increase was announced and it was Mr. Newton's purpose to straighten out this matter. In substance he stated that the Xenia branch of the company showed a net loss of \$1,800 in round figures in the year 1918. The recent increase in tolls would add \$1962 to the company's annual revenue and is sufficient only to balance a wage increase to local employees which became effective May 1st of this year. Two previous toll increases of residence phones added \$4,136 to the company's annual revenue. This sum added to the increase provided by the last raise in rates amounts to about \$6,000, or is sufficient to take care of the company loss of \$1,800.

and increased expenses of approximately \$2,720 per year and leave a net balance of \$1,561. Mr. Newton explained that this represented the profit on an investment of \$178,000. He was very frank in his statement and said that any person who was interested would be given full and free opportunity to examine the company books.

Following Mr. Newton's statement Mr. James P. Fitch, national field commissioner for the Boy Scout movement made a brief address boosting the Boy Scout campaign. He was presented by Prof. Black who is in charge of the campaign in Greene county. Mr. Fitch recounted the achievements of the boys of America in the world war, saying that they sold \$500,000,000 liberty bonds, \$256,000,000 war saving stamps and located 558 cars of walnut lumber besides doing thousands of other things to aid in the great national undertaking.

Greene county's quota in the present campaign for members is only 327. Mr. Fitch urged Greene county people to get behind this movement by becoming associate members.

WORK AS A BLESSING.

The weather is very warm and you may feel it a great hardship to have to work. But just think of how much harder it would be, if you had nothing to occupy your mind, leaving it to worry over the weather. For worry is the very worst enemy many of us have. And the queer thing about it is that half our worries are useless, because of making mountains out of molehills.

It is the man of leisure who mopes and pines and thinks himself into the madhouse. Work is nature's law. Men who have half a dozen irons in the fire are not the men to go crazy. He only is truly wise who lays himself out to work till life's latest hour.

The tendency of work is to promote the energies of both body and mind. Work is as much a necessity to man as eating and sleeping. One great advantage is that it gets your mind off yourself and onto the achievement of some creditable end. A man who gives his children habits of industry, provides for them better than by giving them a fortune.

While a man has work to do he is safe against most dangers. Work fills the hours that might be worse than wasted. It is the harmless opiate for sorrow. It is a distraction that—if not overdone—is remedial and merciful. A man who has been long idle can pray for no better fate than to be busy. If he is good for anything he is made utterly wretched by having nothing to do.

Much pity is wasted on those who work hard. Hard work is not a curse but a downright blessing. The workman as he develops skill and science in his craft feels a creative joy in his being and his doing that is a supreme satisfaction.

The working man is passing on the salvation he has himself received. His example is a stirring object-lesson. Every strong man raises up a train of disciples whose names he does not know, whose faces he has never seen. They argue: "He overcame privation and discouragement. I can do the same. He worked when he did not feel like it. There is no reason why I should not cast out the devils of sloth and selfish ease, even as he expelled them."

In determining and then following his own laborious course in life a man is not merely saving himself, but helping to save those with whom his influence counts. Half the time we do better and braver things than we otherwise would because of the influence of one for whom we care. The inspiring incentive has a result.

WHY WAIT UNTIL 1920?

If Senator Borah is so anxious that the people shall pass upon the league-of-nations issue, he is under no sort of necessity to wait until 1920 or to couple the referendum with the third-term question. There is a much easier way and far more expeditious. The Seventeenth Amendment to the Constitution of the United States requires that members of the Senate shall be elected by the people of the respective States. It has already been suggested, in another connection, that senators who feel uncertain as to the will of the people and who are unwilling to take the responsibility of passing on some pending question should at once resign and make the question at issue the test of their re-election or defeat at the polls. Of course, there are minor complications to be overcome in the fact that some of the States permit vacancies to be filled by appointment; but this need not deter such desperately earnest opponents of the league of

nations as Senators Borah, Reed et al. from making their appeal directly to the people. It is to be suspected that in putting off the test until 1920 the senators who are opposing the league-of-nations principle are not unmindful of the advantages of delay; but if so, they are leaving out of account the temper of the nation, which, unless many signs fail, is in no mood to see the United States remain indefinitely at war in order that certain politicians in the Senate may manufacture campaign ammunition for themselves and along selfish and non-progressive lines. A little thing like the Conkling-Platt fiasco of a past generation ought not to deter patriots of the Borah type from seeking the most direct and immediate means of ascertaining the will of the "people!"—Public Ledger.

BAB DISCHARGES THE SERVANTS AND TELLS ROBERT.

CHAPTER CXII.

Before they left I spoke of giving up all we had to help, every single thing.

"Unless we do we cannot let you do so much for us," I said when Frederick objected to my plans. "Put an advertisement in the paper for the house, rent or sell, please. I have an inventory made for everything in it, and could give possession immediately."

"That's the spirit," he looked his admiration. Then: "By Jove! I wonder if Tearle wouldn't take it. I heard he was going to buy a house in New York. In fact, that he was looking for one."

That would be wonderful! but perhaps he would want it to go as part payment of what we owe," Neil suggested. "We can't do that if the small fry are to be paid off."

"We'll make a price for cash. If he doesn't take it, someone else will. It is a lovely home. I am sorry Mrs. Forbes you feel it must be given up. But I guess there is no other way. You couldn't live here anyway. It wouldn't do now."

No, I could see plainly it wouldn't do for us to attract any attention, or to indulge in the slightest extravagance. And in truth I had no wish to, I felt crushed, as if all that I had thought worth living for had escaped me forever. This feeling would pass away of course. It was wrong to give it entrance. I had Robert and I also still had Neil. It was all very hard, very dreadful, but I comforted myself as best I could by thinking that it wasn't so bad that it might not have been worse. Suppose that added to this terrible business trouble, I also had lost him to Blanche Orton or some other woman. That I felt I could not have borne.

"I can't imagine what we should have done without you," I said trying to smile through my tears as Mr. Frederick begged me not to worry, that he would keep me in touch with what they did.

Then he said: "But we can do nothing if all these people think they can get at Forbes here. I do not intend one of them shall be cheated, or go without a fair interest. But you must remember what they receive will be very little compared to what they have been led to expect. But if they realize that it is that or nothing they will be only too glad to get their money back and more interest than the banks pay."

"I tried to be brave and kissed Neil good bye quite calmly. But when they had gone and I was sure I would not cause him to worry by my tears I gave way to the nervous tension I was under and cried for an hour. Really I felt better afterward. And at once began to make plans for leaving. I told all the servants they were discharged. I would keep one to help me pack, the others I let go at once giving them a week's pay in lieu of notice. It was cheaper than to keep and feed them another week.

The cook and I worked all day packing up what I should need for Neil, Robert and myself. The house was spick and span, ready to show to anyone. I was a good housekeeper, my one accomplishment aside from my music. By night I was ready to leave. But now I must wait until the house was disposed of in some way. It would rent or sell better with someone in it. And it was just as cheap to stay there as anywhere if I did without servants.

One thing hurt. The very next day Robert's quarter was up at the select private school he had been attending. I wrote the teacher he would be a pupil no longer, then made arrangements for him to attend public school. I was surprised when I told him.

"Woop, la!" he exclaimed. "I'm glad to go where so many boys go. I've always wanted to go to public school. Mother, don't look as if you were punishing me." I had told him nothing of our changed fortunes. But he was a mainly little chap, so I sat down and told him his father had lost his money, that we would have to be very careful, live very differently. He looked serious, then said:

"I'm sorry for you and dad, but I don't care a bit for myself. Lincoln didn't have any money, couldn't even go to public school. But he got to be president of the United States, you know." Like many boys, Lincoln was his idol. He never tired of talking or reading of him, and had treasured everything he could get together which reminded him of the martyred

president. A large picture hung over his bed, and several smaller ones adorned the walls of his room. I hugged my boy close, and breathed a little prayer of thankfulness that he was so unspoiled.

RAYMOND HOREN HOME FROM FRANCE

Raymond Horen, popular Xenia boy, and a son of Mrs. Anna Horen, arrived home from Camp Sherman Wednesday, having recently arrived from France where he served with a Machine Gun Company.

Leaving this country over a year ago, he went to Camp Beauregard, Louisiana and crossed the pond as a member of the 153rd Machine Gun Battalion, in which outfit he served until October when he was transferred to the 315th Battalion of the 80th Division, a Virginia, West Virginia and Pennsylvania outfit.

Mr. Horen served in the trenches—when there were trenches. The majority of the time the men took advantage of shell holes and dug excavations with their fingers for shelter. During his service in the front picks and shovels were not issued but were given to the men on New Year's Day, long after the war was over. William Finley of Spring Valley, who is in the 314th Battalion, is expected home soon, although his transport had engine trouble, which held it up.

Wm. L. Rockafeld, is another Xenia boy who has been discharged from the service arriving home from Camp Sherman Saturday night. He was a member of the 320th Machine Battalion of the 80th Division and served through the Chateau-Thierry Meuse and Argonne offensives. His term of service extends over almost a year.

WILLIAM RICKLES AND DAYTON GIRL WED WEDNESDAY EVENING

The marriage of William Rickles, well-known and popular Xenian, to Miss Gladys Koogler, of R. R. 11, Dayton, on the Springboro road, was quietly celebrated at 7:45 Wednesday evening.

The ceremony was performed by Rev. Jerome Schultz of Fairfield at the home of Miss Koogler's parents; Mr. and Mrs. Aaron Koogler, and in the presence of a large company of relatives of the couple. Miss Bertha Lang of Fairfield, acted as bride's maid and Joseph Harner of Fairfield was best man.

Miss Koogler is a charming young girl and popular among a large number of friends. The romance which culminated in their marriage, started before Mr. Rickles enlisted in the aviation service, from which he was recently discharged after spending several months in France.

Mr. Rickles is the son of Mr. and Mrs. William Rickles of Spring street. He is a graduate of Central High school and won his letter in football while attending school. Before his enlistment and since his return he has been employed as a fireman on the Pennsylvania railroad and located in Dayton.

Mr. and Mrs. Rickles will be at home in Dayton, temporarily. Subject to a change in the location of Mr. Rickles. Mr. and Mrs. Rickles do not know yet where they will go to house-keeping.

LAYS NINE EGGS IN DAY?

La Cross, Wis., June 12.—No one in La Crosse believed it when Gus Rhodes, farmer, living near West Salem, claimed he had a White Rock hen which was laying six and seven eggs a day. Poultry men sent J. H. Benson, of La Crosse to the farm to watch the hen for two days. Later Benson appeared in the County Judge's office here and swore to an affidavit that Rhodes' hen laid fourteen eggs in two days. The next day Rhodes called up and announced the hen laid nine eggs that morning.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

**'BACON BAT' IS
ENJOYABLE AFFAIR**

A merry motor ride to Jamestown, Cedarville, and Clifton, and a "bacon bat" by the way was enjoyed by the young women of the office force

of the Hoover and Allison company, and a few other friends, Tuesday night. The destination of the party was Clifton, but a damaged tire caused a delay on the road, and through the hospitality of Mrs. Elder Corry, near whose home on the Cedarville and Clifton pike, the party was stranded, they cooked and ate their supper on the lawn of the Corry home. The affair was for the pleas-

ure of Miss Clara Wright, who is expecting to start tomorrow for Washington, D. C., to take a government position.

**SPRINGFIELD WHITE
SOX WANT REVENGE**

Anxious for revenge, and feeling that they can put up a better brand of baseball than they did in their previous game here, the Springfield White Sox will play a return game with the Xenia Reserves at the Cincinnati avenue park next Sunday.

The White Sox, the pick of the Home City, played at the local park on May 25, and were defeated by the locals by the score of 6-3. Six errors on the part of the visitors contributed to their defeat and with a much strengthened line-up the Springfield aggregation feels that it can do what no club has done yet this season—hand the locals the short end of the score.

The fact that the White Sox have improved has been demonstrated in recent contests and especially in the game with the Dayton Triangles last Sunday when the Gem City crowd only defeated them by the narrow margin of two and none. In Rust, the White Sox have one of the ablest catchers in this part of the state and with a little strengthening in the infield the visitors would be an almost impregnable organization.

The fans who saw the previous fracas between these two diamond gladiators are looking for a battle at the Cincinnati avenue park when the two teams clash again and it is practically certain that Manager Foley's proteges won't have a walk-away.

"Play Ball" will be sounded at three o'clock.

**COUNTY FIELD TRIP
TO GERMANTOWN**

The county agent has arranged for a Farmers' trip to Germantown Experiment Station at the Field day there on Thursday, June 19.

This farm lies between Miamisburg and Germantown, about one and one half miles from the latter point.

There are a number of good lessons to be gained from the Germantown farm this year on the wheat crop. The outstanding ones being the difference between shed and yard manure, the effect of acid phosphate, and the effect of lime and acid phosphate on clover.

The forenoon will be devoted to an inspection and study of the experimental plots. In the afternoon our prominent men will speak on agricultural topics. Farmers of Greene county make your motto "On to Germantown the 19th" just as the boys went on to Germany last fall.

The purpose of this meeting will be to organize a pure bred Shorthorn association in Greene county.

LA-MAY FACE POWDER

DOES NOT CONTAIN
ANY WHITE LEAD

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And, it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Powder de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and be-

cause it stays on so well, this La-may powder (French, Poudre L'Amo) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty powder sold in New York. Save this notice. La-may rouge is also pure.

BROTHERS WHO FOUGHT IN MEXICAN
WAR MAY BE RE-UNITED AFTER A
LAPSE OF SEVENTY ONE YEARS

Seventy-one years ago George Huston, Alpha, this county, then a youth of less than twenty years, saw his younger brother, John, killed in a skirmish in the Mexican war, and was a witness to his burial.

At least, all these years he has been under the impression that he saw his kinsman fall beneath Mexican bullets and his body hastily buried.

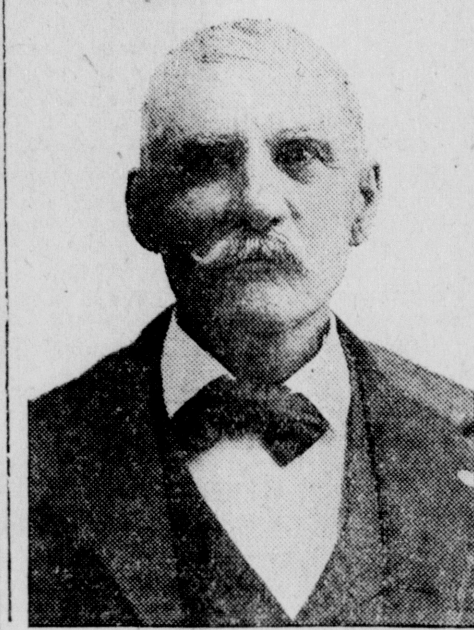

Last week he received a letter from a man in Oklahoma. John Huston

was the name signed to it.

"I am your brother, John," the letter said, "I want to come to see you. I expect to go to Iowa this summer and I will make a trip to Ohio to see you. I have written several letters to you before this, but never received any answer to them."

That was all. No description by which he could be fully identified. No explanation of a disappearance and silence of nearly three quarters of a century.

George Huston, who now lives most of the time at the National Military Home, Dayton, is skeptical. He cannot believe that the youth he is con-

GEORGE HUSTON.

vinced he saw die, lived and is still alive in the west. His family answered the letter of the westerner, giving facts regarding their father and his family, and welcoming the visit of the stranger to them.

George Huston and his brother John enlisted in the army at the same time, during the war with Mexico. George was a lieutenant in that war, and also in the civil war, and is believed to be the only surviving Greene county veteran of the Mexican war. His home has been at Alpha since the civil war.

Mr. Huston is 91 years of age. His wife who lives at their Alpha home, is 85 years old and they were married when she was 16 years of age nearly 70 years ago, soon after her husband returned from the Mexican war. Both are in good health.

HIGH RENT RECORD
BROKEN AT NEWPORT

Newport, R. I., June 12.—The highest price paid for the rental of one of the smaller cottages in any Newport season went on record when Mr. and Mrs. J. Laurens Van Allen leased their cottage on Bellevue avenue, known as "Rosetta Villa," to Arthur Bradley Campbell, of Washington, for \$7,500 for the season.

GIRL MAKES MONEY
BY KILLING WOLVES

Richmond, Mo., June 12.—Rose May Bowers, a sixteen-year-old Richmond school girl, earned \$16 in a way that probably few other girls would care to take to earn money. While out walking on her grandfather's farm she saw a young wolf at the entrance of a den and, after going for her grandfather's help, crawled into the den and killed the mother wolf and five cubs.

SHE FEELS YOUNGER AND
STRONGER

Middle-aged and older persons are apt to suffer from overworked or weakened kidneys and bladder. Mrs. Warren Dyer, Arkport, N. ZANESVILLE MAN
HAD A NUMB ARM
AND UPSET NERVES

H. L. Martin Tells How Nerv-Worth Did What Doctors Couldn't Do.

This was a serious case. It looked very bad for that arm. But that was before Mr. Martin banked on the power of Nerv-Worth. Afterwards—but let Mr. Martin tell the story as he did a few days ago to his Zanesville druggist.

Zimmer's drug store—I met with an accident some time ago which completely numbed my left arm and left me in a very nervous condition all over. I tried different doctors and I could get no relief. They all said I would probably be troubled all my life.

I read where Nerv-Worth had been helping so many people and decided to try it. The first bottle made me feel better and after taking three bottles THE NUMBNESS WAS ALL GONE from my arm and I felt as good as I ever did. I surely recommend Nerv-Worth to anyone suffering from nervous troubles.

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

LOCAL OPERATOR OF WESTERN UNION SAYS STRIKE IS FAILURE

That there has been absolutely no delay in service of the Western Union due to the strike order, is the statement of W. E. Baxley, local manager of the Western Union branch here.

According to Mr. Baxley the lines of the Western Union have not been crippled in any form and messages are being sent and even relayed with as much speed as under ordinary condition. The fact that of the 75,000 employees of the Western Union only 710 are members of the Commercial Telegraphers Union, and that of these 710 there were only a few who struck, is cause for the fact that the Western Union service is unhindered, says Mr. Baxley.

According to the local manager, Western Union operators are not in sympathy with S. J. Konekamp, international president of the Commercial Telegraphers Union. Western Union operators have an organization of their own and settle problems with the company by arbitration instead of the more radical manner backed by Konekamp. Previous to the taking over the telegraph companies by the government, there were no Union employees in the Western Union force, but at that time they were permitted by the government to join the Union. However, only 710 of them took advantage of this proposition and this is responsible for the fact that Western Union operators were still at their keys long after the strike had been called.

It is also stated that the Postal Company had almost as little trouble with their employees. At Cincinnati, a big relay station, where there were several Union operators working, they did not even know that a strike order was out, Mr. Baxley states.

Locally, messages have been received and sent as rapidly as if there were no strike in progress and appearances indicate that there will be no local effect as a result of the order.

Egyptians Fond of Pigeons.

Certain Egyptians carry on to a remarkable degree the business of raising pigeons. On one estate the 14 pigeon towers, each composed of about 1,200 clay jars, set one upon another. Each jar forms a comfortable house for the family of pigeons occupying it.

BREEDERS OF POLAND CHINA HOGS ARE PLANNING A PICNIC

Members of the Greene County Big Type Poland China Breeders Association will attend the breeders' picnic at Troy next Saturday in a body.

The men are expected to assemble at the court house in Xenia, Saturday morning at 8 o'clock and then proceed to Troy.

Be on hand at 8 o'clock.

New Chemical Kills Bed Bugs P. D. Q.

The new golden colored chemical Pesky Devil, Quicker, P. D. Q. can now be had at any drug store, as arrangements have been made whereby the retailer can get it from his wholesaler.

The new chemical, P. D. Q., is very powerful. A couple of ounces can be prepared for a few cents and you'll have enough to kill a million bed bugs. If you could get that many together, P. D. Q. does not rot or burn the skins or clothing. It leaves a coating on their legs and prevents hatching.

P. D. Q. if properly used, rids the house entirely of the bed bugs, ants, roaches and fleas. Safe to use to rid your pet dog of fleas.

A patent spout free in every package of P. D. Q. enabling you to get the pesky insects in the hard-to-get places.

Sold at Sayre & Hemphill drug-gists, and by all druggists.

TIFFANY

Will correct defective vision and strengthen weakened sight thru the careful fitting of correct lenses.

TIFFANY'S service is particular, painstaking and accurate.

MOTORAIDS

When washing motor coats rub a little lard into any greasy spots which are on the garment. Let stand a short time before washing, after which rub out in luke warm water and soap. This treatment will make the cleaning much easier and will remove the stains.

If the eyes are tired and dull after motoring, try an eye lotion made of water in which a little borax acid powder or witch hazel has been put. Keep the eyes open in the water as this will strengthen and brighten them.

Quite the swaggy head gear to wear on a long motor trip is a small close straw hat without any trimming. A square bright colored veil, to contrast well with the dust coat, folded once in half, brought down close to the forehead and then to the back of the head in a tight fold and then pinned. Over all, across the forehead and around the head, is snapped a broad black elastic. This holds the headgear well in shape and is tight enough so nothing will slip or be blown off.

Which?

Boy (handing the jeweler a \$1 watch)—Just clean and regulate this and put in a new crystal, will you? If I had the price I'd buy a new one.

SELECT XENIA GIRL AS FLOWER GIRL

Little Helen Canning, daughter of Mr. and Mrs. Thomas Canning of West Main street, had the distinction of being selected to serve as a flower girl at the graduation exercises of the Ursuline Academy, Brown county, last Tuesday.

Little Helen was taken to the school by her aunt and uncle, Mrs. Anna Shelly, and Mr. Canning, who motored there with the child. Miss Margaret Shelly is a student at the Brown county school, but was not a graduate this year.

COLONEL FINES SELF FOR OVERSLEEPING

St. Louis, Mo., June 12.—This story is "on" Colonel Americus Mitchell who took command of the One Hundred and Thirty-eighth Infantry after Colonel E. H. Howland was wounded. Every officer swears to its truth.

They say that while Colonel Mitchell was in command a Missouri mule kicked a slat out of his stall, Col. Mitchell, they say "court martialed" the mule, and put him on five days' extra duty for punishment.

Another time Col. Mitchell denied himself breakfast because he overslept himself one morning.

EVERYDAY ETIQUETTE

"I am invited to a wedding. Will you tell me what kind of a gift if any, I am expected to give. Should I send it or take it myself," asked Mary.

"If you attend the wedding a gift is customary. It should be sent either by express or parcel post, although if you wish you can leave it at the house. The former is in better taste," helped her friend.

THEATERS

BIJOU.

Brush back the curtain of your past, ye serious minded adults, and possibly with the aid of that little bundle of letters written in childish handwriting and tied with a pale blue ribbon or with a faded flower flattened in a book, bring back to your mind the days of your first love affair.

This is what Lila Lee, pretty Paramount star has done for you in "Puppy Love" her latest picture which comes to the Bijou Theater Friday. You will enjoy the secret meetings and the petty jealousies that influence her affair with James Gordon Oliver. You will witness in sympathy the despair of unrequited love, the desperate resolutions and finally the happy climax. And the picture is not without its original comedy. In the support are Charles Murray, Harold Goodwin, Helen Dunbar, Lincoln Stedman and others.

ORPHIUM.

"Redemption" a feature film with Evelyn Nesbit in the leading role, is quite apt to crown the theatrical career of this famous beauty, according to the motion picture critics.

A photo-drama founded upon the life of the famous star, it lacks nothing in true-to-life form and adherence to detail. A splendid production, its showing has taught a great lesson to people who have seen it, and its relentless truth has served to emphasize its realism. Evelyn Nesbit plays a wonderful dramatic part in the picture in which she is supported by her son, Russell Thaw. The picture is a Julius Steger production and appears at the Orphium Theater Friday.

HALTS HIS SERMON TO SHOOT JAYBIRD

Sandersville, Ga., June 12.—W. A. Wray, pastor of the Baptist church here, created a mild sensation at the morning services yesterday when he stopped in the midst of his sermon, got a shotgun and killed a jaybird that had been flying around the auditorium and singing while the services were in progress.

Mr. Wray announced just before the congregation sang a hymn that he would kill the bird if it sang again. The jay began again. The preacher stopped the services, went to his home, got his gun, returned to the church and fired once. Services were then resumed.

RED BLOODED MEN WIN OUT

They Are Always on Top In Every Walk of Life.

It is a fact that red blooded men and women are at the top in every walk of life. Men and women with the driving force of red blood, rich in iron and phosphates do things, they get results.

Red blooded women are the heads of the happiest and most contented homes, they have the will and the desire to be real companions and helpmates.

Leadership and happiness is only for the men and women who are willing to keep their blood and nerves strengthened and nourished with iron and phosphates.

A prominent doctor says: "It is a crime that so many men and women lack the rich, red blood and strong steady nerve to achieve their ambitions. It is all the more so because thin, watery blood is unnecessary, as rich, red blood and strong nerves are within the grasp of everyone. Phosphated iron makes pure, blood by making new blood. It gives strength, brings color to the cheeks, increases the weight and appetite, drives away the blues and those sleepless nights, steadies and renews your nervous energy, makes you feel like a live one once again."

There must be something to it. Everyone who tries it is loud in praise of Phosphated Iron, and you have got to show people these days. To insure physicians and their patients receiving the genuine Phosphated Iron it has been put up in capsules only. Do not allow dealers to give you pills or tablets. Insist on capsules. POSTAGE RATES BACK TO NORMAL AFTER JULY FIRST

The local postoffice has been informed that on and after July 1 the old 2-cent letter and 1 cent postal card rates will be in effect. This will be about the first war tax to be taken off. Two orders explaining the change to the old rate are printed below:

"Upon all matter of the first-class, postage shall be charged at the rate of 2 cents for each ounce or fraction thereof; and drop letters shall be mailed at the rate of 2 cents per ounce or fraction thereof, including delivery at letter carrier offices, and 1 cent for each ounce or fraction thereof where free delivery by carrier is not established. Postal cards shall be transmitted through the mails at a postage charge of 1 cent each including the cost of manufacture.

"It shall be lawful to transmit by mail at the postage rate, of 1 cent a piece, payable by stamps to be affixed by the sender and, under such regulations as the postmaster general may prescribe, written messages on private mailing cards, such cards to be sent openly in the mails, to be no larger than the size fixed by the convention of the Universal Postal union and to be approximately of the same form, quality and weight as the stamped postal card now in general use in the United States.

An additional order reads in part as follows:

"The letter rate of postage (2 cents for each ounce or fraction thereof) will be applicable to letters addressed for delivery in the Bahamas, Canada, Cuba, Barbados, British Guiana, British Honduras, Dominican republic, Dutch West Indies, England, Ireland, Scotland, Wales, Leeward Islands, Mexico, Newfoundland, New Zealand, Panama, Trinidad, (including Tobago) and Windward Islands (including Grenada, St. Vincent, the Grenadines and St. Lucia.)

"Postmasters are informed also that the provisions of the above-mentioned order are not to be understood as affecting the rates applicable to letters for foreign countries other than those named in the preceding paragraph, said rates remaining at 5 cents for the first ounce or fraction thereof and 8 cents for each additional ounce or fraction thereof.

"The rates of postage applicable on and after July 1, 1919, to postal cards and post cards (private mailing cards) addressed for delivery in Canada, Cuba, Mexico and Panama will be 1 cent each."

TO WORK FOR FRANCE, 85.

Los Angeles, Cal., June 12.—Mrs. Rebecca Newbold Wyllie is eighty-five years old. She wants to devote the rest of her life working for France. She has made application here for a passport to France. The aged woman will be accompanied by her daughter, Miss Jeanne d'Estimailville, fifty-five. Both mother and daughter worked for France during the war.

"TIME TO PRAY FOR GIRLS

Boston, June 12.—Declaring that too many girls of free and easy manners are coming into this country from abroad the Rev. O. C. S. Wallace, D. D. addressed a large audience in Ford Hall.

It is time, he said for the men to pray for the women and girls as the women used to pray for the men in the past.

MEXICAN CUSTOMS BARRED IN JAIL IN MISSOURI

Junction City, Mo., June 12.—When a bunch of fourteen Mexicans working on a railroad, were arrested and taken to jail the city officials had no idea that Mexican customs would be transported to this town, so far away from the border. A short time after the arrest a crowd of Mexican women and children bearing fruit, tobacco and food, went to the jail and wanted to feed the prisoners.

The police were mystified until an interpreter explained that the custom in Mexico was when a man was arrested for his relatives to provide the food. The "hombres" thought the same plan prevailed here.

However, the city provides each man in jail with two meals a day, so with two big meals from the city and what their relatives brought the Mexicans lived high during their incarceration.

WEDS "VET," THEN ELOPES

Valpariso, Ind., June 12.—Paul Bendig of Detroit, Mich., returned from the war. Without delay he came here and married Miss Viola Wheeler of Chesterton, Ind. He spent more than \$300 for clothes for her. Then \$30 eloped with a former lover.

JILTED BUT HE GETS HIS REVENGE

Kansas City, Mo., June 12.—A new way of venting spite against a girl who rejected his attentions was devised by Clarence Demeke, but it proved too costly for practical purposes. Demeke became infatuated with Miss Nora Helge, daughter of his landlady.

Rejected, he became angry, broke open her trunk took all her dainty clothes and put them in a tub and poured water on them. Many of them were ruined. Miss Helge and her mother had him arrested and he was fined \$100 in police court.
